

# Gender Responsive Budgets Program

Partners Meeting  
Ecuador, Morocco, Mozambique & Senegal

Rabat, 27-29 November 2006

# Meeting Objectives

- To identify mid course corrections and actions by partners and UNIFEM in order to achieve the anticipated program outcomes in each of the countries by end of 2008
- To enhance learning amongst partner countries
- To identify needed technical resources that support the partners' work

# Program Outcomes

- National budgeting processes and policies reflect gender equality principles -- Institutional transformative actions
- Priorities of poor women reflected in budget allocations for national programmes addressing poverty
  - Instituting budget tracking models and indicators
  - Accountability to gender dimensions in strategic sectors' budgets
  - Advocacy and mobilization of government/civil society partnerships
- Knowledge and learning on gender responsive budgeting facilitates replication of effective and good practices

# Meeting Program

- National budget processes and policies reflect gender equality principles
- Priorities of poor and excluded women reflected in budget allocations
- Monitoring mechanisms and tools for tracking priority public expenditures from a gender perspective

# Outputs from the meeting

- Report that includes agreed upon actions by UNIFEM and the respective partners
- Follow up meetings and actions at country levels to review project logframes in light of the findings of the mid term review and the learning from the partners meeting
- 2007 workplans reflect those changes
